

Let Them Sing!

Our could be a dreary world without nature's bounteous gifts... its brilliant colorful beauty and the joyous warbling of birds.

A report from residents in the Northwest section of Belle Glade tells us that birds have been found... victims of teenagers' air rifles.

Admitted that air rifles and boys go together... especially following "San-ty" it's a pleasurable with these "weapons" should be confined to clean spots.

Please, boys... don't shoot the Robins... they're all too scarce in our area now... and incidentally, it pays to stay within the law!

Big Gospel Sing Here Tonight

The Rebels Quartet of Tampa will be featured in a Gospel Sing here tonight (February 13), 7:30, at the High School Gym along with the Gland Sisters of Pahokee and the Glades Quartet.

This event is being sponsored by Belle Glade Junior Chamber of Commerce "to help promote a better type of entertainment in Belle Glade" president Ray Alston announced.

"We are expecting a full house tonight and have plans to make this type of entertainment an annual event," he said. "We hope it will grow to the point that we can bring in several prominent groups in future years to appear along with our own talent."

Sandwiches, coffee and cold drinks are being donated to be sold during intermission. All net proceeds from the evening will benefit the Little League Baseball Park.

Little League

Meeting Feb. 17

A meeting of all officers, coaches and coaches of Belle Glade Baseball will be held Monday, February 17, at 8:00 p. m. at Holbrook's Shoe Store.

President Rodney Connell urges all to attend.

Business Is "Bad" - Up Only 23%

Worry Warts of business, and some in Belle Glade, are still "wondering how our economy will be affected by sugar." Ed Straughn, Director of Florida Revenue announces that January sales tax collections were the highest in the history of the tax - \$23,541,306 for a 23 percent "up" over last January, with the fiscal year's collections up 18.8 percent over the same period for last year.

Federal Marketing Reporter at Belle Glade Pittman issues a daily report on vegetable markets and his records show that the Glades is 17 percent-plus above last year's corresponding period in carrot movement, and several millions in \$\$\$.

Gasoline taxes collected in Palm Beach County for January are up 8 percent over a year ago, and the County Commission received \$150,293 for its two cents refund.

Auto Tag sales in Glades are approximately 25 percent ahead of last year according to Mrs. Edwin Young at Collectors' office.

The Glades Sugar House reports 7,000-tons grinding daily in a 6,000-ton capacity mill, in an effort to "cut-out" within the 150-day season. Other mills

Funeral Services This Morning (Thurs.) For 14-Year Old Jerry McWhorter

Classmates at Belle Glade High School and friends of the community were grief stricken

by the death of 14-year old Jerry McWhorter, who died Monday evening at Belle Glade Memorial Hospital following surgery for gunshot wounds.

Jerry was a freshman at Belle Glade High School and a member of the school band.

A native of Georgia, he came to Belle Glade nine years ago from Atlanta.

Survivors include his parents, Mr. and Mrs. Charlie McWhorter, Belle Glade, four brothers, Ronnie, Stanley, Stephen and Donnie, and two sisters, Terry and Connie, all of Belle Glade.

Funeral services will be held Thursday, February 13, 10:00 a. m. at the Community Methodist Church, Belle Glade, with Rev. William R. Boland, pastor of, officiating. Private graveside services will be held at 4:00 p. m. at Wildwood Cemetery in the family burial grounds, Bartow, Florida.

Williams Funeral Home is in charge of arrangements.

The family has suggested that in lieu of flowers, contributions be made to the Belle Glade High School Band Uniform Fund as Jerry was so devoted to the Band and its members.

School classmates of Jerry's will be honorary pallbearers.

South Bay Firemen Reorganize Group At a steak supper Friday night at the Rebel 15 South Bay citizens reorganized the Fire Department, with James Spradley as Chief, and Donald B. Tanner as Assistant.

Belle Glade Fire Chief, Cecil Bair, attended the meeting and in a spirit of helpfulness suggestions and training.

Police Chief Marvin Davis Jones Summerlin, were also guests at the meeting.

Other renewed and new memberships in the group are Thomas and Jimmy Williams, Buck Jones, Richard Sanders, Junior Walker, Roy Austin, Howard Woodham, Ned Campbell, Peabody Austin, Bobby Garrett, Kenneth Warren, Morgan Tyson and Albert Oyster.

The newly organized group had a couple of runs this week, with one to a near tragedy, single male negro awake with his oil stove afire and exit out of until help arrived.

The first regular fire drill will be held on Friday night, Feb. 14th at 8:00 o'clock, according to Chief Spradley.

Report high tonnages and high sugar content, which are the money indices of the sugar business - in predictions of a successful year.

The Medicines come out with predictions of dangerous and fatal results from cigarette smoking; almost as dire predictions as did our parents when we were caught smoking "rabbit" tobacco behind the barn, near sixty years ago.

Glades smokers must not view television, listen to radio read the newspapers, or like the Georgia male, just DONT GIVE A HOOT.

Mr. Keating of the State Beverage Department reports that Glades smokers paid more than \$49,000 in cigarette taxes during January, with four Glades municipalities receiving \$31,385 as their share, as follows: Clewiston \$5,254, Pahokee \$5,485 and South Bay \$2,663, for a total of \$14,122; Belle Glade has a lot of hard-headed addicts, for a total of \$17,363, or 24 percent more than the balance of the Glades together.

Yes, business is BAD in the Glades - despite the sugar-cane, and the warning of the doctors - it's only up 20, 40 percent with its \$125 million agricultural production and \$40 to \$50 million annual payroll.

New Registrations Switching Parties Give Net Of 1,017

There are 73,723 registered as Democrats and 27,329 as Republicans, with "Other Parties" accounting for 1,853 in Palm Beach County, according to Registrar Gorham.

Apparently man-and-wife teams totalling 21 decided that they are Republicans instead of Democrats; the Democrats lost 14 in "change of party" heading, while the Republicans gained 23.

There were 416 men and 402 women new registrants with the Democrats for a total of 818, and 312 got cancelled off. In the Republican side 233 couples registered for a total of 466, with 156 being stricken off.

There are 1,223 more women Democrats than men and 2,876 more women than men in the Republican list.

Heart Ball At Pahokee Elk's Lodge

Lodge in Pahokee, Mr. Jimmy Thomas Orchestra will furnish the music.

"We are looking forward to some of the finest dancing music and a lot of fun. We hope everyone will come," said Mrs. Mixson. All proceeds of the Heart Ball go to the Heart Association of Palm Beach and Martin Counties.

Ticket chairmen are Mrs. Marjorie Chapman, Mrs. Roy Dymally, Mrs. Earl Lindros and Dr. Don Fleish, in Belle Glade; Mrs. Jess Elliott in Pahokee; Mrs. Murray Weeks, Mrs. Lee Berryhill, Mr. Jerry Gold, Mr. Hector Ouellette and Mr. Frank O'Connell.

Mrs. Ralph B. Murray is chairman of the decorations committee.

E. J. Castagnet General Manager Of Florida Sugar

Florida Sugar Corporation has announced the appointment of Mr. Frank J. Castagnet to the newly created position of General Manager. Mr. Castagnet was formerly associated with the Cuban American Sugar Mills Co., at Central Chaparra, Oriente, Cuba, and has been with Florida Sugar Corporation for the past two years.

Following the family hours, and lasting 'til midnight, a dance will be held in the ball room with the Vic LaSala Trio mixing music for the young in spirit and for those whose Terpsichorean inclinations exceed their physical ability by small and by disappointing percentages.

There will be displayed in the Hall plans for the proposed new Home of the Lodge, to be erected on the present site, with comments invited.

And remember that there's home in substantial quantities produced in Palm Beach County - and of prize-taking quality - in the Glades - there's said by the million feet; there's not as much beef as formerly, but still several millions of dollars in value.

Did you know that the following vegetables are shipped from the Glades in commercial quantities: dandelion, green-mustard greens, turnip greens and roots, Kohlrabi, cauliflower, green onions, White, black and scarlet radish, kale, carrots, green and savory cabbage, chard, basil and anise?

This Is "For The Birds"

The safest indication that Glades sweet corn is near ready for market is to find blackbirds stealing grains from the ear.

Until Glades blackbirds "got wise" a walking operator of a shotgun could keep several flocks reasonably distracted from their purpose of nipping the ear and thereby ruining its marketing appeal.

Now, these "wise birds" are further disturbed by small planes flying with the wheels just missing the corn tassels and chasing the birds to another section of the field where the shotgun is waiting.

Sterling Zywicki uses the family helicopter instead of a plane; he can hover long enough for warm lunch to be sent up by a dangling rope, if the birds are too enthusiastic and organized.

\$5 to \$10 per hour plane hire is saved by the Zywicki's for several days as each sweet corn field nears maturity.

It Rains - We Catch It

Belle Glade, the home of cat-tlemen, vegetable growers and sugar producers is about to be the beneficiary of positive drainage such as each has provided for his cattle and his crops.

Presently, there's one area where positive drainage within the City has been effected - the Northwest section east of the railway, and that by private owners. It has been difficult over the quarter of a century of this installation's existence to keep "hip-pocket" engineers from ripping that part out; operating the pump has been at the whim of City employees whose judgment has vacillated with physical and mental well-being.

"If it falls, we catch it" appears to be the attitude of the South Florida Conservancy District towards rain, for ditches are provided to collect, canals to accept the flow, and pumps to give excess water to one of the main facilities of C & SF Flood Control District - the Hillsboro and/or N. New River Canals and Lake Okechobee.

The present canal, east and west, along the south limits of the City, from the Country Store on the east to the Ricut Motel on the west, is having the rock removed to an engineered efficient depth.

A pump - two of them of 45,000 GPM capacity each -

are being placed on the Hillsboro Canal and Tabit Road. Drainage ditches, leading into this rejuvenated canal will be brought to proper cross section - depth and shape.

The main canal running east from Tabit Road directly to the pump house east of Six-Mile Bend, has been brought to proper capacity. Two 36,000 GPM pumps are ready to dump the water into the Hillsboro 24 hours per day.

The South Bay pump house is connected to this network of canals also, so that the natural divide will become effective, with a pull from both directions.

27 Beef And 40 Dairy Entries Give Glades Youth 67 Fair Ribbons

Titled breeders, with property registered ancestry, in both dairy and beef families, together with grades of the same in known breeds, brought 67 ribbons to youth of the Glades from showings in the Southeastern Fair, according to Kent Price, Assistant Agricultural Agent.

Ten of these ribbons were gathered in from competition with ten other counties in the 4-H, District X competition.

Janice Kidder topped a Grand Champion Brown Swiss prize in the 4-H competition; John Causey brought home a Grand Champion in class 4 of the Holstein lot; Beverly Hill also had a Grand Champion in class 6 of the Holstein lot.

Jane Wierengo and John Causey each got a Blue on Brown Swiss class 4; Jack Payne brought home a blue ribbon in class 1 of the Holstein prize; all these in 4-H competition.

Pahokee boys were for beef animals - and got 15 ribbons; Canal Point brought back eight

S. Fla. Wildlife Tours From Naples

South Florida's only wildlife tours this winter from Naples, Fla.

The tours, replacing those conducted in past years by the National Audubon Society, operate on Tuesdays, Thursdays and Fridays under the leadership of Dr. Alexander Sprunt, Jr., famous ornithologist who conducted similar tours for the Audubon Society for 22 years. He retired last year.

This year's tours from Naples

include a visit to Caribbean Gardens as well as to the famous Corkscrew Swamp Sanctuary of the National Audubon Society. Each tour begins at 9 a. m. and proceeds directly to the famous Corkscrew Swamp Sanctuary approximately 28 miles north to Naples.

Tour members spend the morning exploring the sanctuary via the 3,500-foot board walk amidst the largest remaining stand of bald cypress in the eastern United States. The swamp is a favorite winter nesting grounds for great flocks of wood ibis (American Ciconias), egrets and other birds.

Returning to Caribbean Gardens in time for lunch, the tour party sees the second largest collection of free roaming bird species in the world. The Gardens have 250 species of birds, including 110 of waterfowl. The tour party also sees the Gardens' internationally famous Duck Duckville. The performing ducks have appeared on TV shows both in the United States and Europe. The tour ends at the Gardens at about 3:00 p. m.

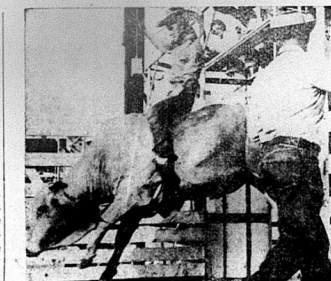

The cost of \$10 per person includes all admissions and transportation charges. Advance reservations are necessary by mail to Greater Naples Chamber of Commerce, Naples, Fla.

Indians Were First Florida Cowboys

Over 15,000 tourists and residents are expected to witness the 17th annual Circle T Rodeo to be held in Indiantown, February 22nd and 23rd. One of the outstanding sports attractions in Florida, and one of the best known Rodeos in the country, the Circle T Rodeo is also distinguished as the nation's only invitational rodeo. According to G. C. Troup, rodeo producer and owner of the Circle T, invitations have been sent to only the nation's foremost riders. The majority will come from the Western cattle producing states, and Florida range country.

This year, the seating capacity of the concrete and steel rodeo bowl has been increased by over 3,000 seats to accommodate the "standing room only" crowds experienced in 1963. Permission has also been obtained from the Corps of Engineers to keep the Indiantown Bridge open to auto traffic and closed to pleasure craft during the Rodeo hours. It is expected that this will greatly reduce the traffic congestion of past years.

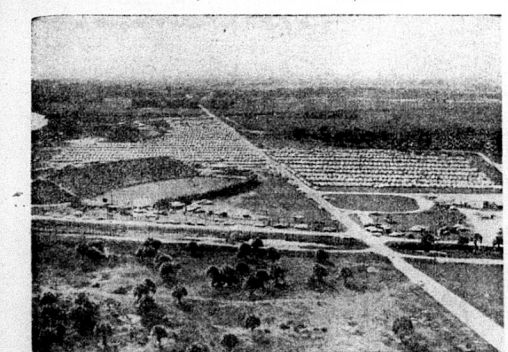

Mentioned in the January edition of Life magazine as a prime Florida attraction, the Circle T Rodeo presents both visitors and residents with a little known side to Florida's

Bull riding, a prime Rodeo attraction, is also one of the most dangerous. It originated when cowboys rode the wild Texas Long Horns in the Rodeos of the last century but disappeared as a Rodeo feature as Long Horn herds were interbred with more tame but less rambunctious strains. With the advent of the Brahman bull in the United States however, bull riding regained its place as a Rodeo feature providing as many thrills as the Long Horn of old ever did.

life and economy. Cattle raising was Florida's first industry, founded by the first Spanish conquerors who used Indian prisoners as herders, thus making them the country's first cowboys. Since that time Florida

has always been a cattle state, and the visitor to Indiantown's Circle T Rodeo can not fail to be impressed by the ranch land surrounding the community or the cattle men that take part in the event.

An ocean of steel glitters as the sun reflects on the autos of some of the 15,000 spectators who witnessed the Circle T Rodeo last year. The Rodeo, to be held this year on the 22nd and 23rd of February is recognized as one of Florida's most outstanding sports events. This year a 2,000 ft. Taxiway has been completed to lead from the 6,000 ft Circle T Ranch airstrip to the Rodeo arena. An additional 400 ft concrete and steel stand has been constructed on the near end of the arena to see the overflow crowds expected for the 1964 Rodeo.

A unique feature of the Rodeo is the flying facilities for those who desire to come by air. A 2,000 ft. taxiway joins the Rodeo Arena to the Circle T Ranch Airstrip—a modern private airstrip with 6,000 ft. runway, 3,000 feet wide. Rodeos are divided into 5 traditional events: saddle bronc riding, bareback riding, bull riding, steer wrestling and calf roping. In addition there is a

girl's barrel race and specialty acts such as trick riding and fancy roping between each event.

Rodeo clowns provide a touch of humor to rodeo competition, but their main job is to save the life of a cowboy who may be injured in the bull riding event, by drawing away the exasperated bull. Rodeo has often been compared to bull fighting with the exception that in

Rodeo it is the cowboy that usually gets hurt rather than the bull. With the exception of the specialty acts, a rider comes out of the chutes on an average of one minute during the two hour contest. It is this fast pace that helps build up the excitement, color and thrills for which Rodeo has always been known.

Belle Glade Men Receive Awards

Service personnel of Gurnee Coast Motors have been honored for successfully completing requirements of the Pontiac Service Craftsmen Program during 1963. It was announced by John C. Bates, general service manager for Pontiac Motor Division.

Receiving awards from the Pontiac Motor Division were: Lester A. Hill, Jr., Neil Hart, Charles Barnett, John Hovd, James Cook, Al Miner, Clyde Ely and Floyd Painter, George Whidden.

The Pontiac Service Craftsmen Program, now celebrating its twenty-fourth anniversary, offers annual awards to dealer service personnel who successfully complete five mechanical examinations each year; attend Pontiac training courses conducted at General Motors Training Centers; adhere to the Pontiac Service Integrity Code; and are in the continuous employment of a Pontiac dealership during the award period.

Republican County Commissioners Choose Democrat Rardin Of Glades As Vice Chairman

At the recent reorganization meeting of the Palm Beach County Commission Democrat Paul Rardin of the Glades was chosen vice chairman of the Republican-controlled county commission. In 1963 the chairman and the vice chairman were both Republicans. However, when time came to reorganize this year Veteran Board Member Rardin was chosen for the coveted vice chairman's spot. The member there is always stepped up to chairman the following year and the Glades member is looking forward to next year when he is scheduled to head the board for the fourth time. Election of Rardin to the vice chairman's berth is further proof that he gets along exceptionally well with the Republican board members.

Retiring Officers Hold Last Meeting

The regular meeting of Belle Glade Chapter No. 197 O. E. S. held on Feb. 6, 1964 at Masonic Hall marked the final meeting of the year for the present officers headed by Mr. and Mrs. James Hendry, worthy matron and worthy patron.

As a fitting tribute to Mrs. Hendry's service as Worthy Matron a number of lovely gifts were presented to her. It was announced the annual installation of officers will be held Feb. 9 at 3 p. m. Mrs. Josephine Asper served refreshments at the conclusion of the meeting. Twenty members and guests attended. The next meeting will be conducted Feb. 20.

17,000 Cancer Cases Expected In '64; \$173,058 Assigned For Study In Fla.

During the year of 1964, up to 17,000 new cancer cases will probably develop among citizens of Florida, including men, women and children of all ages. The estimate is given in the "1964 Cancer Facts and Figures," a publication of the American Cancer Society.

Types of cancer and estimated new cases listed are: cancer of the colon and rectum, up to 2,200 new cases; lung cancer, 1,800; breast cancer, 1,700; uterine cancer, 1,400; cancer of prostate, 1,100; stomach cancer, 700 and leukemia (cancer of blood-forming tissues) 500 estimated new cases.

Another form of cancer which may be expected to develop in thousands of persons, particularly in southern states where the sun's rays are most intense, is skin cancer. This type of cancer is described as a sore that does not heal, or an unusual change or growth in a wart or mole. Skin cancer is easier to detect than most types of cancer and if proper medical treatment is given promptly, a high percentage of cases are curable.

In commenting on "Cancer Facts and Figures," a spokesman of the American Cancer Society said, "In presenting information about the number two killer disease to the public, it is not done to scare people. Rather," he added, "we hope to make more people aware of the disease, to know more about cancer's seven danger signals and to have regular medical checkups so that trained physicians can give prompt, early treatment if cancer is detected. If this policy were followed many thousands of people might be saved."

Dr. Donald Smith, Miami, Chairman of the Cancer Research Committee of the Florida Division of the American Cancer Society, said that in a 12-month period, ending September 1, a total of \$173,058 had been allocated by the Society for purposes of conducting cancer research projects at institutions in Florida.

The statement was issued in the Society's Annual Report issued yesterday. Dr. Smith's report stated that grants and awards of the American Cancer Society are issued only after undergoing careful screening by a selected group of distinguished doctors and scientists who are versed in all

areas of cancer research. The screening committee includes members of the Society's Advisory Committee on Research, Personnel for Research and the Research Advisory Council. Grants are given for excellence of plan and promise, and balance in terms of the program as a whole.

Fresh Water Fishing Program Growing

Florida's fresh water fishermen are already beginning to reap some benefits from the Fresh Water Fishing Improvement Act of 1963 and may expect more and better fishing as time passes and fishing improvement programs expand, according to A. D. Aldrich, director, Game and Fresh Water, Fish Commission.

The Fishing Improvement Act of 1963 provides for an increase of one dollar on each resident fishing license. This dollar is set aside to be used for improvement of Florida's fresh water fishing.

Ladies Advocate Freedom Of Press

Dear Editor:
As president of the Women's Club I wish to express the appreciation of the club members for the fine cooperation we receive from your newspaper.

Mrs. Dexter Otis Arnold, president of the General Federation, has declared that the General Federation of Women's Clubs has always strongly advocated the freedom of the press and that it has never been more important than it is today.

Sincerely,
Louise Rhodes, Pres.

Rodgers To Direct Gabor At Playhouse
March 16th thru 21st
Frank J. Hale, producer of the RP Playhouse in Palm Beach, has completed arrangements for his final production of the 1964 season.

Palm Beach favorite and darling of the society world, Miss Eva Gabor, will make her third stage appearance at the Playhouse Mar. 16th through Mar. 21st in the delightful musical comedy, "I Married An Angel," the Rodgers and Hart show which has had millions humming the title song ever since the early '30s when the comedy hit the Broadway stage.

Mr. Richard Rodgers will travel to Palm Beach to personally supervise the production. "I Married An Angel," like Mr. Rodgers' other old hit, "The Boys From Syracuse," which is currently playing to SRO audiences in New York, is being completely refurbished and "revamped."

World Day of Prayer

The World Day of Prayer Interdenominational Service will be held at St. John the Apostle Episcopal Church on Friday, Feb. 14, 1964 at 3 p. m.

The primary purpose of this service each year is to lead the participants into an active experience of prayer. All denominations are invited to attend. This year the theme is "Let Us Pray." Rev. L. O. Leasing of St. John's will give the invocation and benediction. Service leadership will be shared as follows:

Mrs. Robert Fox (Alliance)
Mrs. J. A. Ponder (Methodist)
Mrs. Woodrow Bass (Nazarene)
Mrs. Lynn Zampert (Presbyterian)
Mrs. J. O. McEllen (Baptist)
Mrs. M. W. Sindle (Church of God)
Mrs. M. T. Sheahan (Episcopal)
Organist, Mrs. E. M. Lively
Organist, Mrs. Bassett (Baptist)

Next year the Presbyterian Service leadership will be shared as follows:

WMU To Purchase Signs Advertising South Bay Church

The Women's Missionary Union of the First Baptist Church of South Bay met on Monday evening at 7:30 p. m. at the church.

President Mrs. Willa Mae Kelsce presided over the meeting. The ladies discussed the possibilities of placing signs advertising the church in the city. Mrs. Franklin Koller brought a report indicating her finds concerning the signs and the group agreed to purchase these signs.

Mrs. Helen McKinley, program chairman presented the program of the evening with the following who took part on the program: Mrs. Louis Kelsce, Maund. The soloist for the evening was Mrs. Elaine Jackson. Mrs. Doris Davis. Others who were present were: Mrs. W. M. Jeffries, Mrs. H. C. Willis, Mrs. P. E. Goodbread and Mrs. Alfre Landreth.

Ministerial Assn. Committees Named

Rev. W. R. Boland, president of the Belle Glade Area Ministerial Association, appointed committees, at a regular monthly meeting of the group conducted Monday A. M. Community Methodist Church, Belle Glade.

The following committees were named: Public Relations and Publicity, Rev. Luther A. Key, Rev. J. Paul Vondracek and Rev. James Fenton; Community Service, Rev. Herman Storey, Rev. Vondracek and Rev. Boland; Program, Rev. Vondracek, Rev. Jimmy Williams and Rev. M. J. Jackson; Migration, Rev. Boland, Rev. Larry Loring and Rev. J. O. Jameson.

Seven ministers were present for the meeting.

Saved By What?

As one studies God's word, it is immediately apparent that many factors enter into salvation. For example, the New Testament in helping to improve human relations and has conferred upon the honor degree of Doctor of Humane Letters by the University of Chicago. In 1952 the National Conference of Christians and Jews of Des Moines, Iowa, gave her award for "Distinguished Service in the Cause of Brotherhood."

Serving as an American Negro Missionary to Nigeria has been the realization of a life long desire she has had since she went to the Disciples Christ Mission School in Mississippi.

Attended The Friendly Belle Glade Church of Christ 125 W. Avenue D. Radio Broadcast - Saturday 10:45 - 10:55 - WSWN.

Lent At St. Philip Benizi Church

Ash Wednesday ushered the season of Lent yesterday. Ashes were distributed at St. Philip Catholic Church at the morning Mass and after the Stations of the Cross in the evening. Every Wednesday and Friday during the season of Lent a corporate meditation on the passion and death of our Divine Lord will be held at St. Philip's as the pastor leads the congregation in the footsteps of Christ through the Stations of the Cross at 8:00 p. m. - Communion will be distributed prior to the Stations on Friday.

Local Group Attend District Youth Rally

"Speak Up For Your Faith" was the theme of the District Youth Rally for Senior High M. Y. F. members at First Methodist Church in West Palm Beach. Young people and leaders from Community Methodist Church left Belle Glade on Friday afternoon and returned Saturday afternoon "camping out" in First Methodist Church on Friday night.

Rev. Lee Pearson, Pastor of Coral City Methodist Church in Opa Locka, Fla., was the main speaker, bringing an inspiring message to the young people on both Friday and Saturday.

One of the main features of the Saturday night recreation was a Popular Hootenanny led by Rev. W. R. Boland, Kenneth Lutz, and Mrs. L. J. Wierengo. Those attending from Belle Glade were: Janice White, Mary Korte Ponder, Jane Wierengo, Jill Chapman, Glenn Wolf, and adult leaders, Rev. W. R. Boland, Mrs. L. J. Wierengo, and Kenneth Lutz.

Rosa Page Welch To Speak Feb. 23 At Youth Rally

Mrs. Rosa Page Welch will be one of the guest missionary speakers at the District Youth Rally, in West Palm Beach on Feb. 23 at a Youth Rally in the Northwood Methodist Church in West Palm Beach, which will be held from 3 to 5 p. m. Returning to the U. S. in December from Nigeria where she served with the Church of the Brethren, she has been an inspiring leader in many large Christian assemblies in all of Northern Nigeria.

She taught women in the Kulp Bible School for Laymen, and has been a matron and counselor to girls at the Wana Training Center, a High School, and training institution.

A native of Port Gibson, Mississippi, she graduated from the Southern Christian Institute (now known as Mount Beulah Christian Center), Edwards, Miss., later studied with Alexander Nukutin at Kimball Hall in Chicago and with B. Fred Eise, eminent teacher at the American Conservatory of music. She has also done special work in religious education at the University of Chicago.

Mrs. Welch has traveled around the world as a Mezzo Soprano and Goodwill Ambassador and Lecturer, has led the Southern Christian Institute for many denominations at groups in this country including meetings of The National Council of Churches and other groups. She sang her way around the world in a good will tour for United Church Women and led the singing at the fourth World Convention of Christian Education in Japan in 1953.

Listed in the first edition of "Who's Who of American Women," Mrs. Welch has a wide experience in helping to improve human relations and has conferred upon the honor degree of Doctor of Humane Letters by the University of Chicago. In 1952 the National Conference of Christians and Jews of Des Moines, Iowa, gave her award for "Distinguished Service in the Cause of Brotherhood."

Churches of Christ Scientist

The importance of spiritual unity in marriage will be brought out at Christian Science church services this Sunday. The Bible Lesson on "Soul" will include the story of Isaac and Rebekah (Genesis 24) and also the passage from the Epistle to the Romans: "Be ye doers of the word, and not hearers only: deceive not yourselves: for who hath said, I will be a doer of the word, and I will not do it?"

Those attending from Belle Glade were: Janice White, Mary Korte Ponder, Jane Wierengo, Jill Chapman, Glenn Wolf, and adult leaders, Rev. W. R. Boland, Mrs. L. J. Wierengo, and Kenneth Lutz.

Alice McDonald Weds Mark Addison In Rites At Clewiston Church

Of interest to many in this area is the marriage of Miss Alice McDonald daughter of Mr. and Mrs. W. E. McDonald of Clewiston to Mark Addison, son of Mrs. Virginia McDuffie and Robb Addison of Miami. The McDonalds are former Belle Glade residents. The double ring ceremony was performed Jan. 31 at the Assembly of God Church, Clewiston with the Rev. James Kimbrell officiating. Mrs. James Kimbrell presented a program of musical music Mrs. Quincy Webb, soloist sang "Because" and "Through the Years."

An arrangement of white carnations, mums and gladioli, flanked by palms and white tapers in cathedral candelabra decorated the altar. The bride wore a formal gown of white lace over taffeta. The floor length skirt was styled in tiers, with decorative bows, accenting a short train. The fitted bodice was fashioned with square neckline and long sleeves ending in points at the wrist. Her shoulder length veil of illusion was held in place by small crown and she carried a cascade bouquet of carnations and yuccifolia, centered with a white orchid.

Miss Mildred McDonald, was her sister's maid of honor in a cranberry chiffon, formal length dress with matching hat. Her bouquet was pale pink carnations and sensation roses. Robb Addison was his brother's best man and ushers were Raymond Huesner of Clewiston and Tucker Townsend of Miami.

Colors, Textures Team Up In Springtime Fabrics

Early spring fabrics show promise of a season bright with newly teamed colors, prints, gowns, and an array of textures. Style plus ever-improving performance qualities are noted in this spring's fabrics by Mary Todd, Palm Beach County Home Demonstration Agent. The new textures and designs of enormous variety dominate the fabric scene. Color groups instead of single colors are especially newsworthy. This spring many knits look hand made. Cotton single and double knits, promenade stripes, checks, abstracts and florals. Sculptured textures, too — ottomans, brocades, jacquards and metalises — loom forth in white and pastel tones. Lenticle weaves and crepes are unchallenged as "the" fabrics for dresses and ensembles. Panel prints are exciting design cues for still-popular shifts. Spring floral prints are bold, usually appearing on white backgrounds. Design range from realistic to fanciful. The madras look in plaid, continues, but in lighter, brighter tones. Stripes of all types and widths, especially the menwear, offer an important role. Country classic and nautical motifs accent the well-bred look in casuals and sportswear.

Chosen Garden Club To Meet For Workshop

The Chosen Garden Club will conduct its regular monthly meeting at the Community Club house in McDonald Park Tuesday, Feb. 18 at 2 o'clock. A workshop will be featured on coverages with Mrs. Irvin Zumpf demonstrating. All members are urged to be present.

Woman's Club Volunteers Help On Polo Sunday And TB Unit

The regular meeting of the Woman's Club of Belle Glade met on February 6, 3:30 p. m. at the Civic Center. The president, Mrs. Wm. Rhodes, presiding. The pledge to the flag was led by Mrs. Rhodes and Mrs. Wm. Rhodes. The club voted to help supply workers for the polo drive, SOS, on Sunday, February 23, from 11:30 a. m. to 6:00 p. m. Members also signed up to help with the TB unit that is to be stationed in Belle Glade in the near future.

Mrs. Frank Dooley, program chairman, announced the next meeting would be in the form of an International Smorgasbord on February 20th at 12:00 noon. The Woman's Club of Pahokee will be the guests of the Belle Glade Club. There will be an unprofessional style show featuring the members talents for sewing, as well as the wearing of unusual hats. It was announced that a film-strip had been purchased by the club that is depicting the history, activities and work of the General Federation of Women's Clubs. The County Federation of Women's Club will hold a luncheon meeting at 11:00 a. m. March 5th in the Pahokee's Woman's Club building. All members interested are urged to go. Mrs. J. A. Ball, Jr., read that a portion of the By-laws concerning the duties of the officers after which the president, Mrs. Rhodes, appointed the following people to serve on the nominating committee and to present a slate of officers at the next regular scheduled business meeting: Mrs. Marvin Unwin, chairman; Mrs. Puckett and Mrs. Bunn McCall. New members voted in the club this meeting were Mrs. Ed Harte, Mrs. E. N. Gaskell, Mrs. V. L. Bassett and Mrs. R. E. Watson. The program for the day was given by Mrs. H. O. Earwood who was a movie from the Ford Foundation. This movie told how political candidates are chosen and pointing to the necessity of people to vote. The program was very inspiring this being a national election year.

Bobby Ray Walker Weds Jene Philips

Mr. and Mrs. Dene B. Phillips of Clanton, Pa., announce the marriage of their daughter, Jene Lucille, to Bobby Ray Walker, son of Mr. and Mrs. A. J. Walker of South Bay, formerly of Belle Glade. The bridegroom is serving in the U. S. Navy in Washington, D. C., and is ranked as 3rd Lt. Petty Officer. The wedding took place at the Ryland Methodist Church in Washington.

The bride given in marriage by her father wore a simple white wool sheath with gold trimming around the hem, sleeves, with matching gold shoes. Her chin-tip veil had a slight touch of gold to accent the dress. The bride's bouquet was white feather carnations with yellow roses in the center.

Mrs. Joyce Gibson, sister of the bride was matron of honor. Jimmy McReynolds served the bridegroom as best man.

The couple is making their home in Washington.

ers have just completed excavating the rock from the district's east canal northward from the Hillsboro for near three miles.

A pump was also installed alongside the old pump at the Hillsboro to bring the capacity of the two to 81,000 GPM. These two pumps directly affect the City north of the Canal, as proper ditches running east into the deepened canal more effectively get the flood waters to these pumps.

At the Chosen pumphouse, the approaches, or sump into which the mouth of the pumps are placed, have been lowered in bottom elevation, new diesel power units are being installed, and the three 36,000 GPM pumps are ready to join the east pumps at the Hillsboro, in removing water from the City north of the Hillsboro, as they are interconnected with the ditches, and canals.

There are ten diesel operated pumps — 6 at 56,000, 3 at 40,000 and 1 at 36,000 GPM — totalling 507,000 GPM capacity on 24-hour stand-by to commence removing flood water from the City.

This is enough capacity to fill the large water tank in the park approximately seven times per minute or 420 times each hour.

The South Florida Conservancy District, in which the City of Belle Glade is located, has planned and is doing the work outlined here.

Work is being done out of current funds, and it is anticipated will be carried forward with normal tax income.

Walter Hooker, the oldest member, in point of service was elected Secretary Treasurer of the Board at its last meeting to take the place of Wm. (Billy) Jeffries, whose resignation becomes effective on March 1st.

Mr. Hooker's time on the Board included service with J. B. Jeffries, R. Y. (Pat) Patterson, J. F. "Dad" Scullen, W. C. (Bill) Owens and now J. F. Conking; James A. Ball, Jr., has recently been elected as a member of the Board.

For additional banking facilities 42 new banks opened in 1963. One bank has opened this month and 34 additional have been chartered to date. These new banks will result in a total of 420 state and federally-chartered commercial banks in Florida. There were 190 such banks in 1949.

Half Million \$\$ In Fishing Derby

The Jos. Schlitz Brewing Co., has announced it will sponsor its \$500,000 Florida Fishing Derby in 1964 for the fourth consecutive year. As in previous years the event will be built around some 10,000 tagged fish which will offer anglers the opportunity for cash catches and will give Florida important research benefits.

There will be no major changes from the 1963 event. The derby will again be open to residents and tourists alike, with no entrance requirements except to follow the state's fishing regulations.

The derby will again be conducted in cooperation with the Florida Game and Fresh Water Fish Commission and the Florida State Board of Conservation. These two agencies will tag the 10,000 fresh and salt water fish will all costs defrayed by Schlitz.

Each of the tags are numbered and each number has a corresponding cash value. Tax values are \$25, \$50, \$100, \$1,000 or \$10,000. One \$10,000 fish is released in each of the four zones of the state which have been set up.

Fla. Bank Deposits Top \$16 Billion

An historical first reported here today by Floyd Call, executive vice president, Florida Bankers Association, is the \$6,247 billion deposit total now held by the state's 385 commercial banks. This dramatic growth represents an increase of deposits of 7.6 per cent over 1962 year end figures.

One a year-by-year percentage growth basis, Florida banks have consistently shown increases in deposits and loan totals in excess of the national rate of growth. For the period 1949-1963, the growth of Florida bank loans shows double the national percentage increase. Deposits have increased 2 and one-half times the national rate for the same period.

Enough Talk — Action Needed

Congressman Paul Rogers says, "The State Department has not done a very convincing job — in securing an economic blockade of Castro," in commenting on President Johnson's announcement that "friends and allies are giving comfort to an enemy of the United States."

The President referred to the "English, French, Greeks and other friends and allies."

Referred to as "helping a communist dictator extend unrest and revolution throughout the Caribbean," these countries are recipients of Uncle's largesse.

Mr. Rogers wants to secure "action or we face the world as a Nation unwilling and unable to back up our public pronouncements on foreign policy."

Such things are not for you and me to understand, cause we are not graduates of the Ivy League institutions of higher learning.

This means that homemakers should take good look at the breakfasts which they are serving their families.

For a good breakfast, start with a glass of orange juice, citrus of vitamin C rich juice, or a fresh grapefruit half. Then perhaps a bowl of cereal and an egg or something hot. What

could be better and easier than a potato-egg scramble?

Cook two bacon slices in fry pan until crisp, and then remove from pan. Then fry two cups thinly sliced raw potatoes in the bacon fat until they are well browned, sprinkling with a teaspoon of salt while they start to brown. Cover pan closely and cook over low heat until potatoes are tender.

Combine four beaten eggs with one-fourth cup milk, season with pepper, and pour over the frying potatoes in the pan. Cook slowly, stirring occasionally, until eggs are set. Crumble the bacon and add it just before taking the pan from the heat. Serve at once.

If desired, sliced boiled potatoes may be used instead of raw potatoes, or use leftover potatoes from last night's dinner.

Do You Dial the Same Numbers Often?

Let Automatic Dialers Take Over for You

Select the one that fits your needs best. The Rapidial*, at the top, stores up to 250 numbers on magnetic memory tape. You just rotate the selector knob to the name, and press the start bar. The number is dialed automatically.

The Card Dialer telephone uses coded plastic cards, so the quantity of numbers it will dial automatically is unlimited. File the cards alphabetically in the back of the set. When you want to make a call, just pick out the card, push it in the slot and press the start bar. So simple, and so time-saving.

If you call the same numbers often, automatic dialers can be a big help to you. For details, just call your Telephone Company Business Office.

Members of the Coronets Club are sponsoring a furnishings shower for benefit of the new Wee Care Nursery of Belle Glade, according to Mrs. E. H. Fitzgerald.

Invitations are being issued for the event which is to take place at the Negro Recreation Center, on Feb. 20, 8:30 p. m. A list of needed items will be included with the invitations.

Successful Year For Violettes

The Third Anniversary Celebration on January 16, at the Recreation Center, climaxed another successful year for the Violettes Christmas Saving and Community Club of Belle Glade. The speaker for the occasion was Rev. E. Coffie, pastor of the Mt. Calvary First Baptist Church, South Bay, Florida. After Rev. Coffie's inspiring address, words of encouragement were given by Mr. W. C. Taylor.

The Club's financial report for the year is as follows: Savings, \$891.45; Sinking Fund, \$120.50, and Special Fund, \$120. The Club donated \$89.75 in addition to items of food, clothing and linen to charity.

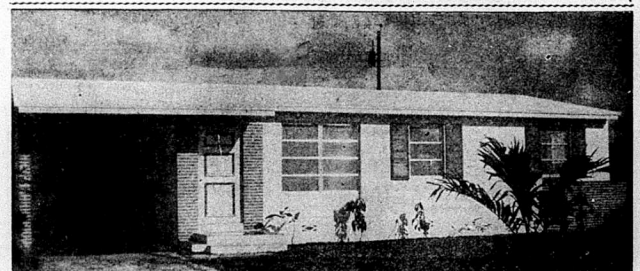

One of the highlights of the social activities of the Club was the Annual Christmas Party which was given on December 23. It was a gala affair with many guests in attendance.

The officers are: Mrs. Gladys Tucker, President; Mrs. Rosa Stevenson, Vice-President; Mrs. Lelia M. Moore, Recording Secretary; Mrs. N. G. McClain, Assistant Recording Secretary; Mrs. M. G. Poole, Financial Secretary; and Mrs. Corine Ghent, Treasurer.

UNCLE DAN from DOOLIE says:

Dear Mister Editor:

The feller at the country store Saturday night was discussing this romance affair at wit Liz Taylor and this feller Burton and that calls for a heap of discussing.

First off, Mrs. Burton allowed as how Mr. Burton was the kindest man in the world for allowing her to get her divorce on the grounds of him being extreme cruel. Ed Doolie said nobody but a Solomon could figure that one out.

Then Liz, that changes husbands to match her wardrobe, has been married in four different brands of religious faiths and ain't found one yet that has stuck. In the meantime, her and Burton has been living together for two years in what they was calling a "courtship" arrangement. The whole thing was so confusing that the feller just decided Liz and this feller deserved each other and let it go at that.

Clem Webster was of the opinion that Liz was a good example of how the women folks was getting to be more of a problem every day. At his house, fer

instant, Clem said it was automatic for his old lady to have the last word, but what was gitting him down was them thousand words afore she got down to the last one.

Bug Hookum allowed as how the law said a husband was the head of the house, and he had noted where the courts has ruled a pedestrian has the right of way, and Bug was of the opinion that both was safe if they didn't try to demand their rights.

When the feller at the country store got to discussing women, Mister Editor, things came a-rolling in. Zeke Grubb claimed we needed a new law again a woman having a hair-do more'n one foot high.

Personal, Mister Editor, the only thing I know for certain about a gal is that the first thing she notices about a feller is whether he notices her.

Yours truly,
Uncle Dan

Campus Cuties 4-H Has Busy Two Months

The Campus Cuties 4-H Club under the leadership of Mrs. R. H. Lewis and Mrs. E. W. Schaffer, has been very busy during December and January.

In December, we made bids for washcloths for the hospital nursery. This was for our Community Service Project.

In January, our club enjoyed meeting with the girls of Belle Glade Clubs at the home of Mrs. Herbert Priest, to learn how to model in preparation for the 4-H Dress Revue at the Palm Beach County Fair. Our instructor was Mrs. Ernest Soles.

Also in January, Mrs. Latham Home Economist with the Florida Power & Light Co., gave us a very interesting demonstration and talk on demonstrations in general, at the new Junior High School Home Room. This was also attended by other Belle Glade Clubs.

We had 5 girls attending and participating in the Fair 4-H Dress Revue; Susan Jackson, Joyce Jones and Kathy Ann Nohls modeled their first year clothing garments, green skirts and white blouses. Kathy Schaffer and Debby Lewis, both third year clothing, modeled their plaid wraparound skirt and plaid slim skirts respectively.

British Guiana - Another Red Menace In South America

By Ferdinand LeGrand

British Guiana is located on the mainland of South America. To the North it is bordered by the Atlantic Ocean, to the West by Venezuela and Brazil, to the South by Brazil and to the East by Surinam or Dutch Guiana. It is a country full of contrasts in religion, races, geography and development.

British Guiana is as big as France but has only one half million inhabitants. Yet it is only a strip of about 5 miles along the Atlantic coast is developed. The vast area of the interior is undeveloped with heavy tropical forest and no roads. Rivers can only be traveled by ship for 100 miles, the rest is restricted because of the waterfalls, such as the Kaieteur Falls, higher than the Niagara.

The main source of income are twelve sugar estates, nearly all owned by Bookers Sugar Estate, Ltd. British Guiana is known as B. G. in the West Indies with the same initials as Bookers Guiana.

All principal stores in the country are owned by Bookers, all gold mining and lumber mills are in the hands of Bookers as well as most of the local newspapers.

Bookers Shipping Company transports the sugar and rum production to the United Kingdom and brings back all daily requirements from groceries to drugs, from cars to furniture.

Life in B. G. is in the hands of Bookers. The babies are born in Bookers Hospitals, created by doctors employed by Bookers and finally nearly all persons are buried from the premiums paid to Mr. Bookers Life Insurance Company.

The Bookers holding company consists of more than 60 subsidiaries. One of them, Fletcher, a machine company, England's largest producer of sugar machinery, delivered the juice scales for all the new factories in the Everglades. The biggest chain store in Canada, a sugar factory and refineries and stores all over the African continent and the British West Indies are owned by Mr. Bookers.

Since centuries every able man in the British Navy receives a pint of rum per week when serving on the high seas. Mr. Bookers has the sole contract to sell rum to the Navy. In troubled times the Navy is always willing to go to B. G. to safeguard the supply line of such an important drug. Speaking of drugs: A hair lotion, called "Limacel" is produced by Bookers Drug Store Ltd. and is sold all over the British Empire.

Bookers holding company would be a nice juicy apple for investigations against anti-trust laws if it were located in the U. S. In short: Bookers is almighty in British Guiana and the people there know it.

Mr. Bookers landed in B. G. during the beginning of the 19th century with a load of cotton prints and started a dry good store. During the following years he started sugar production. As labor he used imported negro slaves till the abolishment of slavery.

Portuguese from Madeira and Chinese from Hong Kong were imported as indentured labor for a short while. Then came the big labor force from India.

After completion of his four year contract the laborer had his choice of being returned to his country of origin or stay. In the latter case he was allowed indefinitely one acre of land, free of charge.

The laborer force came from a class of people that barely existed. The possibility of keeping some cows or growing some rice was a sufficient incentive for them to stay in British Guiana. They therefore became the regular labor force to work for Mr. Bookers and they make up the race pattern of British Guiana.

The original population, Indians or as called locally Amerindians, are still living in the interior of B. G. This is no man's land. The location of border with Venezuela and Brazil are largely unknown, and in this vast area the Amerindians still hunt with bow and arrow. Some times they are friendly and sometimes hostile, making expeditions to the interior dangerous. It is believed that some Amerindian tribes have never met a white man.

Let us discuss first the Portuguese and the Chinese. I visited Guiana twice, the last time in 1954 and saw the enormous poverty on that small island. It is a beautiful island, full of streets covered with bougainvillea but the population is still for more than 90 percent analphabetic. Although they are white they lacked the incentive to move up the economic ladder in B. G. Their descendants, now about 10,000, are mainly employed as store clerks and small government officials.

The Chinese one of the other hand had the advantage of an ancient civilization. Being custom to a low standard of living, they adapted very well with them the Abacus, they moved quickly up to prosperity. Their descendants are employed in the professional group as lawyers, doctors and dentists. Grocery stores, other than Bookers are in their hands.

The most important economic phase of their group, however, is selling liquor. Every community, village or sugar estate has a rum store, licensed by the Government. The Chinese profit from the Government to the highest bidder, always a Chinese. He sells his rum (made by Mr. Bookers) to the population but his main object is financing. He is the "Mr. installment plan" of British Guiana. The only difference is that he does not sell any merchandise only money.

Any laborer can borrow at his rum store for a week. For every dollar he borrows, the laborer has to pay back \$1.05 after one week. Therefore the Chinese lends his capital at compounded interest rate of about 700 percent per year.

If set that the Chinese absorbs this phenomena with great interest. Let he be assured that Belle Glade is unwilling to support him at this rate.

The risk of non repayment is small since the Chinaman relies to sell as more rum to the borrower. And rum is an item that is desperately needed in a country as miserable as British Guiana.

Now we will observe the two main population groups: Negro and East Indian. The negro makes up for 40 percent of the population. Imported as slave, he remained after obtaining his freedom at the lowest step of the economic ladder.

The negro race seems to be a cursed one. I have observed negroes in Surinam, Martinique and British Guiana, having their native tongue in Dutch, French, English. I specifically do not mention the U. S., since the negro race is here in a minority while they are a majority in the other countries. I mentioned. In all these places the negro is just able to exist.

The negro in British Guiana is mainly employed in places where his strength is required as manual labor. All ships are loaded and unloaded by negroes. Only small ships, up till 8000 tons can enter the Georgetown harbor because of the mud banks in the Atlantic Ocean. Up till 5 years ago these small ships were still loaded by hand.

Automation, however, has caught up and now even these small ships are bulk loaded by sugar and rice. Carrying the bags is no longer required from the negro and this has created a vast unemployment among the negroes in Georgetown, where they make up 70 percent of the population.

The negro is also employed as cane cutter or porter in the sugar factory. Since this operation is only seasonal his yearly earnings are below the average of the population and just above bare existence.

Negroes like to obtain government jobs and a majority of lower level jobs in the capital of Georgetown are held by them. He likes to wear a large number of fountain pens with the importance of the job held. Therefore, if you really want to obtain some information in a government office then you pick a negro carrying the least number of fountain pens. By the way all fountain pens are sold in Bookers Stationary store.

West Indian accent so familiar to you with all imported labor from the West Indies. At home, however, they speak often Urdu with all different dialects.

Apart from the Hindu and Islam religion, rather unknown to our Western Hemisphere, they distinguish their group from the rest by their cast system. It is generally believed that the cast system is tied mainly to the economic standard of living of the individual. This is not true, in any case not in British Guiana. All persons imported in the old days were living on the border of existence in India, and came from all casts, from the pariahs or untouchables usually employed as street sweepers to the cast of

present: Islam and Hindu and members of the two religions dislike each other thoroughly. The East Indian population retained, like the Chinese did, their original language. They communicate outside the home in perfect English with the West Indian accent so familiar to you with all imported labor from the West Indies. At home, however, they speak often Urdu with all different dialects.

Apart from the Hindu and Islam religion, rather unknown to our Western Hemisphere, they distinguish their group from the rest by their cast system. the military. Cast in British Guiana is closely related to skin color. East Indians with nearly black skin mostly originate from the Madras area while the people from the Punjab are as white as an European with often blue eyes.

It is still common to marry in the same cast and the amount of dowry paid down for the bride determines the level of marriage within the cast.

5th Shell Fair Opens At Naples Friday, Feb. 21st

Age will take the spotlight when the 5th annual Shell Fair of the Naples Shell Club open Friday, Feb. 21.

The emphasis upon age results from the inclusion of a fossil category in this year's, three day show. Specimens will be displayed ranging from 29 to 200 million years in age.

Collecting shell fossils is a recent development resulting from the 1963 dredging of Naples Bay during which numerous fossils were uncovered. Since then local shell enthusiasts have expanded their collections to include fossils from other parts of southwest Florida and the Lake Okeechobee region. Some of the fossils collected (and to be displayed) are mineral replacements, while others are actual shell remains.

Another new feature will be the display of several aquariums of living shell animals. Other display categories will be: children's collection, miniatures, abalone, Florida state wide group world group, Florida west coast group, educational exhibits and shellcraft.

Mrs. H. D. Merriam, Mrs. John D. Hemphill and Mrs. A. B. Mathis, Jr., attended the installation of Officers Order of Eastern Star in Belle Glade Sunday afternoon.

Jimmy Mathis of Ft. Benning came home to attend the McKinley-Malley wedding, Saturday night, and is spending several days with his parents Mr. and Mrs. A. B. Mathis, Jr.

Mrs. James M. Williams, Mrs. Jake Newman, Mrs. Eugene Conner and Mrs. Elbert Hester attended the W. M. U. Quarterly meeting at the H. Haven Baptist Church Friday.

The theme for the program was "Oh Give Thanks unto the Lord." The guest speakers were, Miss Josephine Jones, Executive Secretary for the Florida W. M. U. and Miss Irene Chambers, field representative for Home Mission Board for the Southern Baptist Convention. Both ladies are from Jacksonville.

Mr. and Mrs. R. E. Seabolt of West Palm Beach were weekend guests of Mr. and Mrs. C. H. Pope.

Mr. and Mrs. Gene Engfinger, Mary Enlow and Diane of Belle Glade and Mr. and Mrs. Jerry Haulcomb of South Bay were Sunday dinner guests of Mr. McKinley-Malley.

The altar was centered by a

large table arrangement of mums, Gerberas, and Snapdragons all blue, flanked on either side with palms. Fern covered the altar rail.

A program of Nuptial music was presented by Mrs. C. A. Thomas, Robin Thomas sang "I Love You Truly."

The bride entering the church with the groom wore a street length powder blue dress, the skirt of chiffon and the basque waist of lace with a scalloped neck line, and long sleeves closed with tiny buttons. Her Wimsy hat was made of blue veil and velvet flowers. She carried a Cymbidium orchid on a white beaded bag, and wore a string of pearls, gift of the groom.

For travelling she changed to a three piece navy linen suit, with navy and white accessories. Following a short trip they will be at home in Lake Harbor.

Mr. Malloy is employed by the U. S. Sugar Co., at Bryant.

Crowded Entry List At Sebring Races With 70 Starters

Race organizer and director Alex Ulmann announced here today that due to the overwhelming request for starting positions in the world famous Sebring 12 HOUR ENDURANCE RACE, the usual sixty-five car starting field, would for the Saturday, March 21st running, be increased to seventy starters, with more and more automobile manufacturers, realizing that a winning position at the Sebring Enduro, gives their product unlimited renown, the 1964 field has been forced to increase it's famed 10,000 A. M. Le Mans start.

Happiness, I have discovered, is nearly always a rebound from hard work.

Rennie Lee Wins Gymkhana Sunday

Rennie Lee of Clewiston, became the first to win two Gymkhana's in the history of the G. S. C. A. Gymkhana events. Lee, driving his 1961 Austin Healey, 2000, took first place with a total time of 263.7.

Jeff Nash also of Clewiston, driving an Austin Healey came in second with a total time of 279.0, third place went to John Sheehan, of Belle Glade driving his Fiat, with the total time of 292.2.

This month's Gymkhana had one of it's best turn outs, with cars from Fort Myers, Belle Glade, and Clewiston. The field of cars and drivers, included Bill Young of Fort Myers, driving a Karmann-Ghia, Dick Long of Clewiston, driving a Porsche.

Phil Francis, Clewiston, driving a 1963 M. G. B. and Raymond Yon also of Clewiston, driving a 1959 Austin Healey.

In the navigator events, Dick Long of Clewiston, took first place. Navigating from the oval of a Karmann-Ghia, driven by Bill Young, Long's Quick thinking and great skill earned him the low time of 190.9. Bill Young of Fort Myers came in second with the time of 193.3. Third place went to Susan Weaver of Lake Harbor with the time of 214.0. Lauren La Fon of Clewiston, took fourth place with the time of 238.9.

The G. S. C. A. wish to thank Gene Jackson and Jimmy Page for their help in laying out the course.

Next month the club plans to go to Sebring for the Sebring 12 hour race.

HOW FORD RACING HELPS BRING YOU A BETTER CAR

Most automotive engineers will tell you that the track is one of their most valued testing laboratories.

For example, track competition led directly to

the following changes in the Fairlane 289 V-8 engine: better block, improved pistons, improved valve train, stronger connecting rods and bolts. Such improvements contribute not only to Ford's winning track record, but also to the total performance so important to your everyday driving. Come in and see!

STOCK CAR RACING:

2-to-1 margin for Ford

Ford is king of NASCAR competition, and has the NASCAR Achievement Award to prove it. In the '63 season, special Ford entries won every single race of 500 miles or longer (the ultimate test of durability and dependability) and scored nearly twice as many points as any other make.

SPORTS CAR ROAD RACING:

Ford V-8 power is the new king

The Cobra, with its special Fairlane engine, emerged as the overwhelming leader in one short year. It won the Manufacturer's Trophy in SCCA Class A Production competition. And in the Laguna Seca and Riverside races it "dusted off" the top "unlimited" cars from all over the world.

RALLY COMPETITION:

Manufacturer's Championship

Products of Ford and its worldwide affiliates won the 1963 Manufacturer's World Rally Championship. Two specially equipped Falcon V-8's were winners in the brutal 2500-mile Monte Carlo Rally, and other Falcon V-8's won Holland's Tulip Rally, and the 4000-mile Trans-Canada Rally.

INDIANAPOLIS:

Ford ends an era

The first time out, a light-alloy version of the Fairlane V-8 engine in a Lotus chassis made history in the classic Indianapolis "500". The Lotus-Ford finished second, only seconds behind the winner. And the next time, in the Milwaukee "200", the Lotus-Ford led all the way from start to finish.
